

AEROSPACE ENGINEERING STUDENT

Looking for a work-study position for 2026–2027

DENIS MAUMEJEAN

+33 [REDACTED] (from 01/10/26)

+1 [REDACTED] (before 01/10/26)

pro.maumejean@gmail.com

Driver's license (French and American)

LANGUAGES

French : Native

English : 7 months of work in USA

Spanish : B2

Russian: Beginner

COMPUTER SKILLS

Comfortable with tools such as:

SOLIDWORKS / CATIA / CREO

Machine programming

Python / Java / HTML ...

Microsoft office

SOFTS SKILLS

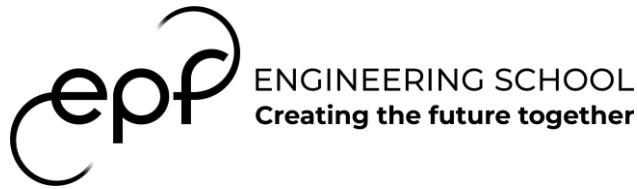

Great imagination

Team spirit

Rigorous

Organized

Flexible

PROFESSIONAL EXPERIENCE

2025 – (Engineer) AMEREQUIP USA (Custom Equipment Manufacturing) — 7 months

- **Design, implementation, and improvement** of production lines for CAT / John Deere / Ariens... (+ info at dmaumejean.com)
- **3D design in SolidWorks** : development of production units and tooling
- **Manufacturing** : use of TIG, MIG, CNC, laser/plasma cutting, conventional lathe, hydraulic press, press brake...
- **Industrialization** : definition of processes, equipment selection, workflow analysis, ergonomics and workstation balancing, cost/time/quality optimization
- **Proficient with systems** : metric and imperial units in design and machine operation

2024 – (Guest Lecturer) (Engineering School) — 1 year

- **Design and Manufacturing** : laboratory benches for the school
- Maintenance of 3D printing equipment
- Assistant during lab sessions / student projects

2023 – (Engineer) SOREAM GROUP (Engineering Design Office) — 1 month

- **Design of a tool** for testing a helicopter-suspended electric cable unwinder
- 3D design with SolidWorks, stress analysis, material procurement, and device assembly

EDUCATION

2022/2027

EPF Engineering School – Montpellier/Cachan Campus

- **First and second preparatory years for engineering schools**
- Subjects studied: Mathematics, Physics, Mechanics, Programming, etc.
- Currently in the 4th year (majoring in Aeronautics and Aerospace)

ACTIVITIES & INTERESTS

Projets : Mech, Phys, Elec, Computer Science, Handcraft (+ info at dmaumejean.com)

Hobbies : FPV drone piloting / Use of all types of industrial machinery

Sports : 7 years of karate / High-mountain sports / Weight training

Travel : Numerous trips (Europe, Africa, United States, islands)
